BRIEFINGS FOR FACULTY AND ADMINISTRATORS

August 2016

*Library Issues* is ceasing publication after 36 years. We will not be accepting subscriptions for volume 37 or the calendar year 2017 or any time in the future.

With the July 2016, we published volume 36, no. 6. That will be the last numbered issue. We will publish a final double-issue later this year. That will complete those subscriptions that conclude at the end of the calendar year.

The website will remain up into 2017. HathiTrust will be creating a digital archive of all LI issues that will be accessible to everyone.

Thank you all for all your support over the years. We are retiring.
